

1. Your WordPress installed the [Ultimate Membership Pro](#)
2. Upload the ultimate-membership-tdv.zip file to your WordPress website

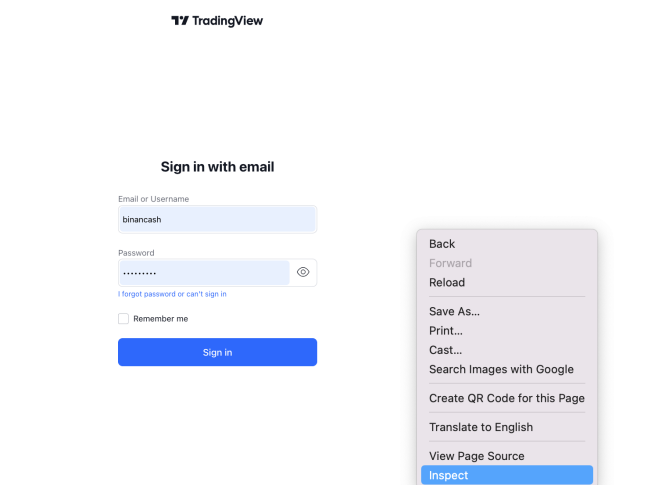

3. Active this plugin

4. Login to TradingView and get value of **sessionid**, if you use Chrome then right click to open **Inspect**

****Note: you must stay on chart page to login that prevents redirect page,**
ex: <https://www.tradingview.com/chart/sHhh1Quf/>

In **Inspect** choose **Network** tab and then click on **Fetch/XHR** to see the login request

The screenshot shows the TradingView login page in a browser. The address bar displays `tradingview.com/chart/sHhh1Quf/`. The login form includes fields for "Email or Username" (containing "binancash") and "Password" (masked with dots). Below the form is a link for "Do not have an account? Sign up".

The browser's developer tools are open to the **Network** tab. The filter is set to **Fetch/XHR**. A timeline at the top shows a request starting at 0 ms. Below the timeline, a table lists the network requests:

Status	Type	Initiator	Size
200	xhr	(index):113	262

After login, click on the login request and then click **Header** tab to see **Set-Cookie** and copy value: **sessionId=9bh0x6jvtlcrs65ca0k1bxaeeojq11d;**

7. Edit a **Membership Plan** and your can choose multiple chart to assign this one

The screenshot shows the 'Edit Membership Plan' page. At the top, there is a navigation bar with tabs: 'Members', 'Ultimate Affiliates', 'Memberships', 'Payment Services', 'Inside Lockers', 'Showcases', and 'Social Login'. Below this is a sub-navigation bar with 'Add New Membership', 'Manage Memberships', and 'Subscription Plan Showcase'. The main content area is titled 'Edit Membership Plan' and contains the following sections:

- Main Membership details**: A section with the instruction 'Customize Membership with a public name and a unique slug'. It includes two input fields: 'Membership Name' (containing 'Free') and 'Membership Slug' (containing 'free_demo'). Below these fields is a note: 'Slug must be unique and based only on lowercase characters without extra spaces or symbols. Slug will not be visil'.
- Membership Short Description**: A text area with the placeholder 'write a short description'.
- Charts**: A dropdown menu showing a list of charts. The selected chart is 'GKD-BT Full Giga Kaleidoscope Backtest'. Other visible charts include 'ES2023 1m Best', 'GKD-C RSI of Fast Discrete Cosine Transfo', and 'GKD-C Adaptive RSX Dynamic Momentum'.

8. You will see a new field **TradingView Username** on **Register** page

The screenshot shows the 'Register' page with a light green background. It features four input fields, each with a label and an asterisk indicating it is required:

- *Username
- *Email
- *TradingView Username
- *Password

The 'Password' field includes an eye icon on the right side to toggle visibility. At the bottom right of the page, there is a small red text link: 'Forgot your password? Click here'.

9. If a user subscribes then an order will be created.

				Direct Email
bina ncas h	Subscriber	-	June 29, 2023	Manage Plans Member Profile Orders Direct Email
	Subscriber	-	June 26, 2023	Manage Plans Member Profile Direct Email
			June 19,	

Go to your chart and you will see the username TradingView of subscriber added to your chart in TradingView
